1. Race Equality Scheme
2. Race Equality Policy
3. Self Evaluation Report
4. Staff Survey 2005
5. Monitoring Data 2004/05
6. Race Equality Action Plan

COMMENTS

- Much still needs to be done.
- Jobs should be open to all.
- How much attention is paid to posters.
- What ethnic diversity among staff?
- Knowledge of policies is not widespread.
- Religious discrimination is an equally important issue.
- College should be tolerant of and helpful to students whose first language is not English.
- Isn't that discrimination (Q5).
- Should have a permanent prayer room.
- More information on purpose of Equalities Group.
- Haven't noticed any antiracist posters.
- Ask staff and students from black community (Q10).
- Definite room for improvement and developing strengths in this area.
- Criteria should match job specification.
- Considering the number and proportion of races now attending College, there is no apparent discrimination.
- College would benefit from a multi ethnic body of staff upper ESOL classes could be given work placements in the College. Would be good for students and good PR for the College.
